

I
Towarda My Dear
Father Dear Sir. Cecilia was over to
the Postoffice to day and brought a letter
from you it was very thankfully received
I saw D. Prier in Lockport one week
last Monday he told me of the death
of Mr Snyder since then I have regretted
very much that I had not called and seen
him when I was passing by his house this
Spring I think Mr Snyder will be very
much missed in your neighbourhood and town
I believe him to have been a good
decent and nice man.

We have the pleasure of enjoying a visit with
Brother Hanson and wife. Whilst I am
penning a few lines to you Mary and Betty
sit up stairs visiting and Judge is out
on the farm with my neth catching fish
lots of sport for him I reckon it suits
me the best to be in out of the wind
doing up sugar and measuring Potatoes &c
I would like very much to come soon and
and see you and mother and have you
get some sinner for me and then have
a social chat and then come back
again to my business which I have to

attend to very strict, by being away
up to the Elevator the other day after
a load of Flour to sell I suffered
a loss Mary soled a woman 2 1/2 qts
of Beans for 6 cts the regular price
being 6 cts per quart so you see it wont
do for me to be away very much from
my business &c

at present we are all well and
the prospect is if we have our health
of going well in Penewada so we will
trust providance for all that wee are
to have in time and Eternity.

when I came to this town I thought
it would be necessary for me in order
to live and support my family to sell
and deal in the article of

But the longer I stay and the more I think of
it the less desire I have to get a living in
that way the strongest I sell is good Beer or
Cider and that I will not sell to a drunkard.
I would not sell liquers if I could have a
rite to do so and have it furnished free of cost
My neighbour on the left obtained licence
and the other day and night as David Adams
says they had a regular drink the
proprietor with the rest never deliver me &c

I am afraid if I under take
to rite much more I shall hick it all
over and so I will wind up by
a little apoligz for bad riting and spelling
it being done in a hury I thought it
best to Cheat W. W. W. Sam out of
3 Cts this time so I send by Brother
Judge and invite you to come up and
make us a visit you can come as
well as — I would invite Mother
but I suppose she is not able so I
must come and see her as soon
as I can tell Mother I think of her
every day as an affectionate some
should and am very thankfull in my
hart for the good ^{all} advice she has
after give me. as I advance in years
the more I think of those matters —
pleas give Mary, sen her love to Mother
and all enquiring friends Cecilia wants
to send some Candy to Grandpa and ma
Billy says tell Grandpa and ma he gets
to the head most every day — pleas give
My Best respects to Henry ^{with} asa. Ennas
and all the rest — rite again and come
up and see us Good By & C. James Warren
