

Waseca, Waseca Co,

Minnesota.

Dear Father,

I am in receipt of a Letter from home stating that your^s of a recent date is received containing the Balance of Asst Present. Likewise your Letter containing the present for the Children is received.

We are all very much Obliged. I think we shall get through the Winter quite Comfortably. I have been working here I at Wittot for several weeks. The Winter has been quite mild so far for this

locality. & but little
snow as yet.

This town has built
up since 1st of August
& now numbers over
100. Buildings
Should the R.R.
stop here another
year or so or some
think it will. It
will make a considerable
of a town. Several
Buildings have been
moved here from
Wilton 5 miles distant.

The people here are well
supplied with preaching.
Having Methodist, Baptist,
Presbyterian, Congregational,
& Episcopalian services.
Which is saying a good deal

for a Town of the
Age & size of this,
They have no Meeting
houses here yet
but will likely build
some next season.

I have got my store
debt ^{to} paid up &
expect to be able
to redeem the $\frac{1}{4}$
section sold for
tax before the
time is out.

As Ever

Your Son &c
